

Girl Scouts in the News

We want everyone to know about the exciting things that Girl Scouts are doing! If your troop, or a Girl Scout in your area, has been featured in the **external** media (TV, radio, internet or publication), let us know! The first time each Girl Scout who is featured in the media will receive a "Girl Scouts in the News" patch for her sash or vest.* For each additional media appearance, girls will receive the microphone patch. This is a great way to encourage Girl Scouts and troops to show the community all the things they're doing to make the world a better place.

To receive patches, please complete the following information and submit the form to your local Girl Scouts of Historic Georgia office. Attach a copy of the article, provide specific information about the TV or radio interview, or provide the web address of the online coverage. Please indicate which patch you are requesting.
